

**Karnataka Digital
Economy Mission**

Mysuru

The Next Happiest Home
for IT/ITES & GCCs

Background

Government of Karnataka has established Karnataka Digital Economy Mission (KDEM), a Section 8 company to function as the knowledge bridge between the Government of Karnataka (GoK) and industry with a view of accelerating the growth and investments of the IT, BT and S&T sectors in Karnataka.

Stakeholders

Steering towards getting investments and generating employment in the State, KDEM works with a community of stakeholders including industry leaders, government agencies, academia and entrepreneurs.

Vision

KDEM's vision is to develop select identified clusters in the state by developing a product and facilitating an entire ecosystem around it.

Bringing Government of Karnataka and the Industries together

Promote and support Digital Industry growth and Investments

Bridge between Industry and the Government for promoting the technology Industry

Policy initiatives relevant for facilitating further investments

Technology sector focused investment reports

Build global linkages with structured programs

Investment Promotion for Technology Industry

Build brand equity of the State
